

TERMS AND CONDITIONS RELATING TO TOKEN SALE

Version 1.0 - 11 January 2018

PLEASE READ THESE TERMS AND CONDITIONS (“T&Cs”) CAREFULLY. BY MAKING A CONTRIBUTION TO GBX LIMITED FOR THE PURCHASE OF ROCK TOKENS (“RKT”) DURING THE TOKEN SALE, YOU WILL BE BOUND BY THESE T&Cs AND ALL TERMS INCORPORATED HEREIN BY REFERENCE.

BY ACCEPTING THESE T&CS, YOU WILL BE ENTERING INTO A BINDING AGREEMENT WITH GBX LIMITED. THESE T&CS CONTAIN PROVISIONS WHICH AFFECT YOUR LEGAL RIGHTS. NOTE THAT CLAUSE 26 CONTAINS A BINDING ARBITRATION CLAUSE. IF YOU DO NOT AGREE TO THESE T&Cs, DO NOT MAKE A CONTRIBUTION FOR THE PURCHASE OF RKT.

PROHIBITION ON U.S CONTRIBUTORS

Due to legal and regulatory uncertainty in the United States of America, citizens and green card holders of, and persons residing in, the United States of America are prohibited from making contributions to GBX Limited and participating in the Token Sale (as defined in clause 3 of these T&Cs). Persons from the United States of America that participate in the Token Sale by providing false or inaccurate information about their citizenship, residency and/or nationality will be in breach of these T&Cs and are required to indemnify GBX Limited in respect of any damages and/or losses suffered due to this breach in accordance with the indemnification provisions set out in these T&Cs.

NOTICE TO RESIDENTS OF THE PEOPLE’S REPUBLIC OF CHINA

Persons domiciled in or purchasing from the People’s Republic of China (excluding the Special Administrative Regions of Hong Kong and Macau, and the island of Taiwan) are excluded from participating, either directly or indirectly, in this Token Sale.

NOTICE TO RESIDENTS OF CANADA

Unless permitted or exempt under securities legislation, Tokens or this instrument must not be traded before the date that the issuer becomes a reporting issuer in any province or territory.

NOTICE TO RESIDENTS OF THE UNITED KINGDOM

In the United Kingdom this document is being distributed only to, and is directed only at (and any activity to which it relates will be engaged only with (A) persons: (i) who fall within the definition of “investment professionals” in Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (as amended) (the “Order”) or who fall within Article 49(2) of the Order, and (ii) are “qualified investors” as defined in section 86 of the Financial Services and Markets Act 2000, as amended; and (B) any other persons to whom it may otherwise be lawfully communicated (together all such persons being referred to as “relevant persons”).

This document must not be acted on or relied on in the United Kingdom, by persons who are not relevant persons. Any activity to which the document relates is available only to, in the United Kingdom, relevant persons.

NOTICE TO RESIDENTS OF JAPAN

Persons domiciled in or purchasing from Japan are excluded from participating, either directly or indirectly, in this Token Sale.

NOTICE TO RESIDENTS OF THE REPUBLIC OF KOREA

Persons domiciled in or purchasing from the Republic of Korea are excluded from participating, either directly or indirectly, in this Token Sale.

PARTIES TO THESE T&Cs

GBX Limited is a company incorporated and registered in Gibraltar with registration number 116223 and will be the creator of its own proprietary token known as RKT under these T&Cs. There may be other entities within the GBX group of companies from time to time (“**GBX Companies**”) that will develop, manage and/or operate the GBX Platform (as defined below) (or parts thereof). References in these T&Cs to “**GBX**” “**Company**”, “**we**”, “**our**” or “**us**” mean GBX Limited and its respective successors in interests and assigns.

References in these T&Cs to “**Contributor**”, “**your**” or “**you**” are to the person/entity who accepts these T&Cs and agrees to and makes a contribution to the Company as set out in and on the terms of these T&Cs. You, personally, and the Company are together referred to as the “**Parties**” and references to a “**Party**” are to the relevant one of them as the context requires.

If you have any questions relating to these T&Cs, please contact us at info@gbx.gi.

YOU AND THE COMPANY HEREBY AGREE AS FOLLOWS:

1. GBX Platform

1.1 GBX is proposing to develop:

a) a blockchain-driven listing and exchange platform for utility tokens and cryptocurrencies operating within Gibraltar’s regulatory framework, and

b) a financial services and fintech ecosystem with multiple products and services,

(together the “**GBX Platform**”).

1.2 For a more detailed description of the proposed GBX Platform, please refer to:

c) the GBX website at <https://gbx.gi> (“**GBX Website**”); and

d) the GBX Whitepaper (a copy of which can be found at: <https://gbx.gi>) (“**GBX Whitepaper**”).

(collectively referred to as the “**Project Documentation**”).

1.3 Except as otherwise agreed in these T&Cs, the information contained in the Project Documentation are of descriptive nature only, are not binding and do not form part of these T&Cs.

2. Scope of T&Cs

- 2.1 Save as otherwise set out in these T&Cs, these T&Cs (including any terms incorporated herein by reference) govern only your contribution to the Company for the purchase of RKT during the Token Sale (as such terms are defined in clause 3 below).
- 2.2 Any potential future use of RKT in connection with the provision or receipt of services on the GBX Platform, will be subject to and governed by such other applicable terms, conditions and policies relating to the use of the GBX Platform (the “**Platform Terms**”). Such Platform Terms will be made available to GBX Platform users, if and when the GBX Platform is developed and deployed.

3. Token Sale

- 3.1 Contributions may be made during a defined period of time (“**Token Sale**”). The Token Sale commences on 7 February 2018 at 12:00:00 UTC (“**Early Access Launch**”) for early access Contributors (“**Early Access Contributors**”) and, for all other Contributors, 8 February 2018 at 12:00:00 UTC (“**Public Sale Launch**”) and ends on satisfaction of one of the following conditions (“**Completion Conditions**”) (whichever is the earlier):
- a) 60,000,000 RKT are purchased after the start of the Token Sale; or
 - b) 14 February 2018 at 12:00:00 UTC.
- 3.2 Early Access Contributors must have fulfilled such requirements as specified by the Company to the Company’s satisfaction.
- 3.3 Between the Early Access Launch and Public Sale Launch, Early Access Contributors may purchase up a specific amount of RKT to be determined by the Company at its sole discretion.
- 3.4 For the avoidance of doubt, if the Completion Conditions are fulfilled before the Public Sale Launch, then the Token Sale will end, and the Public Sale Launch will not take place.

4. RKT price

- 4.1 During the Token Sale, the price per RKT is United States Dollars (“**USD**”) \$0.10, payable in:
- a) Ether (“**ETH**”) at the applicable ETH price determined by the Company and specified on <https://gbx.gi/> within the 24 hour period before the Early Access Launch; or
 - b) at the sole discretion of the Company, fiat in agreed form, which may be subject to additional terms and conditions.

5. Custody and use of unsold RKT

In the event that not all RKT available for purchase are sold in the Token Sale, all unsold RKT will not be created. The total number of RKT will be reduced accordingly.

6. Right to request information

6.1 Before you are able to make a contribution to the Company or at any time after making a contribution, we may (in our sole and absolute discretion):

- a) request you to provide certain information and documentation for the purposes of satisfying any “know your customer” or similar obligations as determined by the Company; and
- b) determine that it is necessary to obtain certain other information about you in order to comply with applicable laws and regulations in connection with the creation and issue of RKT to you.

6.2 You agree that you will, promptly upon the Company’s request, supply such information and documentation as may be reasonably requested by us pursuant to clause 6.1 in order for us to:

- a) carry out, to our satisfaction, all “know your customer” and other similar checks as determined by the Company; and
- b) ensure, to our satisfaction, that we have complied with all applicable laws and regulations in connection with the creation and issue of RKT to you as contemplated by these T&Cs.

6.3 You acknowledge and accept that we:

- a) may, in our absolute discretion and without providing reasons, refuse or reject any contributions for the purchase of RKT; and
- b) are not required to create or issue RKT to you,

unless and until you provide all information and documentation that we may request under this clause 6 and we have determined, in our absolute discretion, that it is permissible to create and issue RKT to you under applicable law.

7. Method of contribution

7.1 You must contribute to the Company during the Token Sale in the manner described in this clause 7.

7.2 **Contributions to be made in ETH must be sent from an Ethereum wallet in respect of which you can identify your private key.** Your private key will be required to verify your ETH contribution to the Company and to enable the Company to issue RKT to you through the Smart Contract System (as further described in clause 8). ETH contributions must be sent to the Company’s Ethereum wallet address specified on the GBX Website.

7.3 **Contributions to be made in fiat (if approved at the discretion of the Company) must be sent from a bank account in your name.** The Company requires your bank account details to verify your fiat contribution and to enable the Company to issue RKT to you through the Smart Contract System (as further described in clause 7). Fiat contributions must be sent to the Company’s bank account, in accordance with the written directions of the Company.

7.4 Contributions must be sent to:

- a) the Company's wallet addresses, as described in clause 7.2; or
- b) the Company's bank account, as described in clause 7.3.

To the extent that any third-party website, service or smart-contract offers to receive contributions and issues RKT or facilitates the allocation or transfer of RKT in any way during the Token Sale, such third-party websites or services are, unless expressly set out in these T&Cs or mentioned on the GBX Website, not authorised by the Company nor do they have any legal or commercial relationship in any way with the Company, the GBX Platform or RKT.

7.5 Contributors that send contributions:

- a) in (i) any crypto-currency other than ETH; (ii) any fiat currency other than as notified by the Company as acceptable; or (iii) a manner that does not otherwise conform with the methods of contribution described in these T&Cs; or
- b) to any third-party website, wallet address, bank account, service or smart contract that offers RKT in the manner described in this clause 7,

risk losing their entire contribution. The Company will not be responsible or liable for recovering or returning any such contributions to the Contributor, nor will the Company be responsible or liable for any losses incurred by the Contributor in this respect.

8. Creation and issue of RKT through the Smart Contract System

8.1 The Company has deployed a smart contract system (the "**Smart Contract System**") on the Ethereum blockchain for the purposes of creating RKT and issuing such RKT to the Contributor's Ethereum wallet. RKT will be based on the ERC20 token standard and is intended to have the utility set out in the GBX Whitepaper.

8.2 The Company will keep a record of:

- a) all ETH contributions received by the Company's wallet;
 - b) all fiat contributions received by the Company into its bank account;
 - c) the time the contribution was received;
 - d) the amount of the contribution; and
 - e) the wallet address or bank account from which the contribution was sent (as the case may be),
- (**"Contribution Records"**).

- 8.3 **In order to receive RKT, Contributors must have, and must notify the Company in accordance with the procedures specified by the Company on <https://.gbx.gi> of the address of, an Ethereum wallet that supports the ERC20 token standard.** In other words the Contributor's Ethereum wallet must possess technical infrastructure that is compatible with the receipt, storage and transfer of RKT, being tokens that are created based on the ERC20 token standard. The Company reserves the right to prescribe additional conditions relating to specific wallet requirements at any time acting in its sole and absolute discretion.
- 8.4 Following the conclusion of the Token Sale, the Company will undertake a contribution verification procedure by reference to the Contribution Records. Subject to clause 6, provided the Company is successfully able to verify your contribution, the Company will send instructions to the Smart Contract System to initiate the creation and issue of RKT to the Ethereum wallet address which you send us notice of pursuant to clause 8.3.
- 8.5 Subject to compliance with clauses 6, 7 and 8 and the Company's sole discretion, the Smart Contract System will distribute the applicable number of RKT to the Ethereum wallet address notified to it under clause 8.3, upon confirmation by the Company of its receipt of the relevant contribution in accordance with these T&Cs. The distribution of RKT is at the Company's sole and absolute discretion.
- 8.6 Without limiting the grounds upon which the Company may refuse to distribute tokens, if distribution of RKT to you, or the holding of RKT by you, is or becomes impossible or a violation of any applicable legal or regulatory requirements, or the Company suspects this may be the case, then:
- a) the Company need not distribute any RKT or return any contribution or its equivalent to you nor, in either case, to any other person or entity;
 - b) the Company may request, require or facilitate that steps be taken to ensure the full return of any RKT that you hold;
 - c) the Company reserves the right to terminate its relationship with you and take any actions considered necessary or desirable for the Company to meet its legal and regulatory obligations; and
 - d) such actions will be irrespective of any contribution that has been made by you to the Company and/or any other third party, and the Company is not required to provide reasons.
- 8.7 On distribution, RKT will be inactive (which means they are not transferable) and must be activated by the Company in order to be transferable to any third party in accordance with clause 9.
- 8.8 On receipt of your contribution, such contribution will immediately become the sole and exclusive property of the Company who will be entitled to apply the contribution towards the development of the GBX Platform and other operating expenses relating to our business. The application of your contribution will be determined by us acting in our sole and absolute discretion and we are not under any obligation to inform you or otherwise verify how your contribution is used.

9. Transferability

- 9.1 Subject to applicable lock-up periods and the Company's sole discretion, activation of RKT will be made on or around 24 February 2018, subject to completion of any verification measures undertaken by the Company and other relevant factors at the Company's discretion.
- 9.2 RKT that are purchased by you may be claimed by you only. RKT are not transferable to any blockchain address prior to activation. Prior to activation of any RKT, you cannot transfer nor attempt to transfer (whether by legal or equitable assignment, trust, charge, sub-contract, novation or otherwise), RKT or any part or the whole of your rights, title or interest under these T&Cs, including your right to claim those RKT, to any other person or entity, whether with or without consideration. All such transfers and attempted transfers are strictly prohibited, will be deemed void and will not be recognised by, nor binding on, the Company.
- 9.3 RKT are transferable, after activation by the Company, subject to these T&Cs.
- 9.4 After activation, you may transfer to another wallet or address any RKT which you lawfully hold. Such transfer will be deemed effective, and a transfer of any RKT will only be effective, as at the time and date of the relevant transaction being included in a block on the Ethereum blockchain which has received such number of confirmations as the Company considers necessary for that transaction to be considered irreversible.
- 9.5 If you transfer RKT to a wallet or address owned by another person, then that person and the owner of each other wallet or address to which that RKT is further transferred are each deemed to be bound by these T&Cs as Contributors for the period of time they hold such RKT.
- 9.6 By transferring any RKT you assign all your rights, title and interest under these T&Cs to the owner of the wallet or address to which you transfer that RKT.
- 9.7 The owner of the wallet in which any RKT is held will (except as otherwise required by law or as ordered by a court of competent jurisdiction) be treated as the absolute owner of that RKT for all purposes (regardless of any notice of any trust or any other interest, or the theft or loss of any private key) and neither the Company nor any other person will be liable for so treating that person as absolute owner.
- 9.8 The Company agrees that, if any rule of law (including any legislation, rule of common law, rule of equity or customary law) requires written notice to effect the transfer of any RKT, such notice is deemed given as an electronic record by inclusion of the relevant transaction on a block on the Ethereum blockchain in accordance with clause 9.4 above.
- 9.9 Notwithstanding any other provision in this clause 9, the Company reserves the right to treat as void any transfer of a RKT which the Company reasonably believes to be unlawful for any reason.
- 9.10 Notwithstanding any of the above, there is no guarantee or assurance of the availability of any market for transfer of RKT or any such market's liquidity

10. Refunds, refusals, suspension and termination of contributions

- 10.1 The Company has imposed a minimum aggregate contribution target of USD \$10,000,000 to be reached at the conclusion of the Token Sale, including any earlier or private sales (the “**Minimum Target**”). If on conclusion of the Token Sale, the Company has not received the Minimum Target calculated in accordance with clause 10.3, the Company may, at its discretion, procure that some or all contributions are returned to contributors, subject to clause 10.2.
- 10.2 You accept any contribution that may, at the Company’s discretion, be returned will be less such gas (being an amount of ETH which is expended in the transfer of ETH as a transaction cost for using the Ethereum network), transaction fees, costs, charges or other expenses the Company has incurred or reasonably expects to incur (whether or not directly attributable to your contribution or such return). For the avoidance of doubt, no interest will accrue on the value of any contribution, including any contribution which is in fact returned. You acknowledge and agree that you are unlikely to receive an amount equivalent to your contribution by way of a refund and that such refunded amount may be significantly lower than the amount contributed by you and it could be nil.
- 10.3 For the purposes of calculating the amount that all contributions made before and during the Contribution Period bears against the Minimum Target, the Company will on the conclusion of the Token Sale (the “**Sale Closure**”), calculate the aggregate of all contributions made before and during the Contribution Period using a methodology it considers appropriate.
- 10.4 The Company reserves the right to refuse or reject any contributions made at any time in our sole and absolute discretion. To the extent that we refuse or reject a contribution, we will exercise reasonable endeavours to procure that the contribution is returned to the Contributor to the Ethereum wallet, or to the bank account from which the contribution was made (as the case may be), subject to clause 10.2. However, we do not warrant, represent or offer any assurances that we will successfully be able to recover and/or return any such contributions.
- 10.5 Subject to clauses 10.1, 10.3 and 10.4 and except to the extent required by applicable law, all contributions received by the Company under these T&Cs are final and Contributors will not be entitled to claim any refund or reimbursement of contributions from the Company.
- 10.6 At any time prior to satisfaction of the Completion Conditions, the Company may either temporarily suspend or permanently end the Token Sale in whole or part, and with respect to all or certain persons, at any time if:
- a) any change occurs to the Ethereum network, which in the Company’s opinion is likely to materially prejudice the success of the Token Sale or the development of the GBX Platform in any respect;
 - b) any change occurs to any local, national or international regulatory, financial, political or economic conditions, which in the Company’s opinion is likely to materially prejudice the success of the Token Sale or the GBX Platform in any respect;
 - c) with or without reasons, the Company elects to cease the development of the GBX Platform;

- d) the Token Sale or the Company is required by any applicable law or regulation to be licensed or approved or fundamentally restructured;
 - e) the Company is notified by any government, quasi-government, authority or public body (including any regulatory body of any jurisdiction) in any jurisdiction that the Token Sale or GBX Platform is under investigation, or prohibited, banned or must cease, or the Company is otherwise required by law to end the Token Sale;
 - f) the Token Sale discontinues prior to Sale Closure due to any force majeure event and the Company cannot reasonably expect the Token Sale to be resumed within 90 days;
 - g) the Company considers there are security reasons for doing so; or
 - h) with or without reasons, the Company elects to terminate the Token Sale prior to Sale Closure.
- 10.7 Any suspension or end of the Token Sale will be deemed to commence from the moment that the Company publishes a notice to that effect on the GBX Website.
- 10.8 During any period of suspension or in the event that the Token Sale is ended, the Smart Contract System will no longer be able to receive and accept contributions, create RKT and/or issue RKT to Contributors. Contributors who send us contributions (after we publish a notice that the Token Sale has been suspended or aborted in accordance with clause 10.6) risk losing their entire contribution and we will not be responsible or liable for recovering or returning any such contributions to the Contributor nor will we be responsible or liable for any losses incurred by such contributors in this respect. Contributors are therefore strongly advised to check the GBX Website before sending a contribution to the Smart Contract System.

11. Token utility

- 11.1 Ownership of RKT carries no rights, whether express or implied, other than a limited potential future right or expectation to use and interact with the GBX Platform as may be made available from time to time, (as further described in the GBX Whitepaper), if and to the extent the GBX Platform is developed and deployed. Any potential future right or expectation relating to the provision and receipt of services on the GBX Platform will be subject to any restrictions and limitations set out in these T&Cs and/or the Platform Terms (as applicable).
- 11.2 You acknowledge and accept that RKT do not represent or constitute:
- a) any ownership right or stake, share, equity, security, collective investment scheme, managed fund, financial derivative, futures contract, deposit, commercial paper, negotiable instrument, investment contract, note, commodity, bond, warrant, certificate debt or hybrid instrument or any other financial instrument or investment entitling the holder to interest, dividends or any kind or return or carrying equivalent rights (including in respect of the Company or the GBX Platform);

- b) any right to receive future revenues, shares or any other form of participation or governance right from, in or relating to the Company and/or the GBX Platform;
 - c) any form of currency, money, deposit or legal tender, whether fiat or otherwise, in any jurisdiction, nor do they constitute any substitute or representation of currency, money, deposit or legal tender (including electronic money); or
 - d) right, title, interest or benefit whatsoever in whole or in part, in the GBX Platform, the Company or any assets related to either of them, except that RKT may in future be used in connection with transaction on the GBX Platform if and when it is developed and deployed, subject to these T&Cs and the terms and conditions of the GBX Platform.
- 11.3 Protections offered by applicable law in relation to the acquisition, storage, sale and/or transfer of the instruments and/or investments of the types referred to in the sub-clauses of clause 11.2 do not apply to any contribution made under these T&Cs for the acquisition of RKT or to your storage, sale and/or transfer of RKT.
- 11.4 The Company makes no warranties or representations and offers no assurances (in each case whether express or implied) that RKT will confer any actual and/or exercisable rights of use, functionality, features, purpose or attributes in connection with the GBX Platform.
- 11.5 You acknowledge and agree that:
- a) as the GBX Platform has not yet been developed as at Sale Opening, the intended services, features or attributes of the GBX Platform may change significantly or fundamentally between Sale Opening and the time (if any) at which RKT may be used in connection with the GBX Platform;
 - b) you have no expectation of obtaining any governance rights over the GBX Platform or of influencing the development of the GBX Platform except as otherwise agreed in writing by the Company;
 - c) the number of RKT required for any particular transaction in respect of the GBX Platform will be determined by the Company; and
 - d) there is no guarantee or assurance that development of the GBX Platform will be completed, that the GBX Platform will ever be released, or of the quality, nature or standard of the services, features and/or attributes (if any) that will be made available through the GBX Platform.

12. Contributor's representations and warranties

- 12.1 By participating in the Token Sale and sending a contribution to the Company, you hereby represent and warrant the matters set out in Schedule 2 of these T&Cs.

- 12.2 You undertake and agree to notify the Company immediately if any of the representations and warranties set out in set out in Schedule 2 of these T&Cs becomes untrue, incomplete, invalid or misleading in any respect.
- 12.3 If you cannot make all of the representations and warranties set out in set out in Schedule 2 of these T&Cs, you must not seek to purchase or hold RKT or make a contribution. Any RKT distributed to you or held by you in violation of this clause are deemed void and will not be recognised by nor binding on the Company.
- 12.4 The Company reserves the rights to deny and invalidate contributions made by, and/or withhold the distribution of RKT from, any Contributor who has made a false, incomplete or misleading representation, in the opinion of the Company or which may, in the Company's view, otherwise breach applicable law.

13. Risks

You acknowledge and agree that sending a contribution to the Company, the creation and issue of RKT and the development and deployment of the GBX Platform carries significant financial, regulatory and reputational risks, including but not limited to those set out in Schedule 3 of these T&Cs.

BY MAKING A CONTRIBUTION TO THE COMPANY AND ACCEPTING THESE T&Cs YOU EXPRESSLY AND FINALLY ACKNOWLEDGE, ACCEPT AND ASSUME THE RISKS SET OUT IN SCHEDULE 3 AND THAT THE RISK FACTORS SET OUT IN SCHEDULE 3 IS NOT NOR IS IT INTENDED TO BE A COMPREHENSIVE OR EXHAUSTIVE LIST OF RISK FACTORS

14. Audit of the Smart Contract System

- 14.1 The Company will exercise reasonable endeavours to have the Smart Contract System audited and approved by technical experts with regard to both accuracy and security of the underlying code.
- 14.2 Notwithstanding clause 14.1, smart contract technology is still in an early stage of development and its application is currently of an experimental nature, which carries significant operational, technological, financial, regulatory and reputational risks. Accordingly, while any audit conducted may raise the level of security and accuracy of the Smart Contract System, you acknowledge, understand and accept that the audit does not amount to any form of warranty, representation or assurance (in each case whether express or implied) that the Smart Contract System and RKT are fit for a particular purpose or that they are free from any defects, weaknesses, vulnerabilities, viruses or bugs which could cause, inter alia, the complete loss of ETH contributions and/or RKT.

15. Security

- 15.1 You are responsible for implementing all reasonable and appropriate measures for securing the wallet, vault or other storage mechanism you use to send a contribution to the Company and to receive and store RKT that are issued to you by the Smart Contract System, including any requisite private key(s) or other credentials necessary to access such storage mechanism(s). If your private key(s) or other access

credentials are lost, you may lose access to your RKT. The Company is not responsible for any security measures relating to your receipt, possession, storage, transfer or potential future use of RKT nor will we be under any obligation to recover or return any RKT.

- 15.2 The Company excludes (to the fullest extent permitted under applicable law) any and all liability for any security breaches or other acts or omissions which result in your loss of (including your loss of access to) RKT issued to you.

16. Intellectual property

- 16.1 In this clause 16, “**Company’s IP Rights**” means in relation to the Company, the RKT, the Token Sale, the GBX Platform and the GBX Website, all: (i) patents, inventions, designs, copyright and related rights, database rights, knowhow and confidential information, trademarks and related goodwill, trade names (whether registered or unregistered), and rights to apply for registration; (ii) all other rights of a similar nature or having an equivalent effect anywhere in the world which currently exist or are recognised in the future; and (iii) all applications, extensions and renewals in relation to any such rights.

- 16.2 Except as expressly set out in these T&Cs, you are not entitled, for any purpose, to any of the Company’s IP Rights. We at all times retain ownership, including all rights, title and interests in and to the Company’s IP Rights and you understand and accept that by making a contribution for the purchase of RKT pursuant to these T&Cs you will not:

- a) acquire or otherwise be entitled to any Company’s IP Rights;
- b) make a claim in respect of any Company’s IP Rights or any other equivalent rights; or
- c) use, attempt to use, copy, imitate or modify (whether in whole or in part) any Company’s IP Rights, except with our prior written consent.

17. Indemnity

- 17.1 To the fullest extent permitted by applicable law, you will indemnify, defend and hold harmless the Company and our respective past, present and future employees, officers, directors, contractors, consultants, equity holders, suppliers, vendors, service providers, parent companies, subsidiaries, associates, affiliates, agents, representatives, predecessors, successors and assigns (the “**Company Indemnified Parties**”) from and against any and all claims, demands, actions, damages, losses, costs and expenses (including reasonable professional and legal fees) that arise from or relate to:

- a) your acquisition or use of RKT under these T&Cs;
- b) the performance or non-performance of your responsibilities, representations, warranties or obligations under these T&Cs;
- c) your breach of any of the terms and conditions set out in these T&Cs; or
- d) your breach of any rights of any other person or entity.

- 17.2 The Company reserves the right to exercise sole control over the defence, at your sole cost and expense, of any claim subject to an indemnity set out in clause 17.1.
- 17.3 The indemnity set out in this clause 17 is in addition to, and not in lieu of, any other remedies that may be available to the Company under applicable law.

18. Disclaimers

- 18.1 To the fullest extent permitted by applicable law and except as otherwise specified in writing by us:
- a) RKT are sold on an “as is” and “as available” basis, without any warranties or representations of any kind, and we expressly disclaim all warranties and representations relating to the RKT (whether express or implied), including, without limitation, any implied warranties of merchantability, fitness for a particular purpose, title and non-infringement;
 - b) we do not represent or warrant that RKT are reliable, current or defect-free, meet your requirements, or that any defects will be corrected; and
 - c) we cannot and do not represent or warrant that RKT or the distribution mechanism for RKT are free of viruses or other harmful components.
- 18.2 Neither these T&Cs nor the Project Documentation constitute a prospectus or offering document, and are not an offer to sell, nor the solicitation of an offer to buy any investment or financial instrument in any jurisdiction. RKT should not be acquired for speculative or investment purposes with the expectation of making a profit on immediate or future re-sale.
- 18.3 No regulatory authority has examined or approved any of the information set out in these T&Cs and/or the Project Documentation. No such action has been or will be taken under the laws, regulatory requirements or rules of any jurisdiction. The publication, distribution or dissemination of these T&Cs and/or the Project Documentation does not imply that applicable laws, regulatory requirements or rules have been complied with.

19. Limitation of liability

- 19.1 To the fullest extent permitted by applicable law, in no circumstances will:
- a) the Company or any of the Company Indemnified Parties be liable for any direct, indirect, special, incidental or consequential loss of any kind (including, but not limited to, loss of revenue, income, business or profits, loss of contract or depletion of goodwill, loss of anticipated savings, loss of use or data, or damages for business interruption or any like loss) arising out of or in any way related to the acquisition, storage, transfer or use of RKT or otherwise related to these T&Cs, regardless of the cause of action, whether based in contract, tort (including negligence), breach of statutory duty, restitution or any other legal or equitable basis (even if the Company or any of the Company Indemnified Parties have been advised of the possibility of such losses and regardless of whether such losses were foreseeable); and

- b) the aggregate liability of the Company and the Company Indemnified Parties (jointly), whether in contract, tort (including negligence), breach of statutory duty, restitution or any other legal or equitable basis, arising out of or relating to these T&Cs or the use of or inability to use RKT, exceed the amount of your contribution.

19.2 The limitations and exclusions of liability set out in clause 19.1 do not limit or exclude liability for the gross negligence, fraud or intentional, wilful or reckless misconduct of any Company Indemnified Party, nor will it limit or exclude any losses for which, as a matter of applicable law, it would be unlawful to limit or exclude liability.

20. Assignment and novation

20.1 The Company may assign, transfer, novate or otherwise deal in any manner, all or any part of the benefit of these T&Cs and any of its rights, remedies, powers, duties and obligations under these T&Cs to any person, without your consent and in any way the Company considers appropriate.

20.2 You agree that you may not claim against any assignee, transferee or any other person who has an interest in these T&Cs, any right of set off or other rights that you have against the Company.

21. Termination

21.1 Notwithstanding any other provision of these T&Cs, the Company may at any time and for any reason immediately terminate these T&Cs as between you and it without prior notice or need to specify reasons, including if:

- a) you have breached any provision of these T&Cs or acted in a manner which clearly shows that you do not intend to or are unable to comply with any provision in these T&Cs;
- b) the Company reasonably considers it is required to do so by the application of any laws or regulations or by any government, quasi-government, authority or public body (including any regulatory body of any jurisdiction); or
- c) the Company determines that performing its obligations under these T&Cs is no longer commercially viable.

21.2 Subject to these T&Cs, nothing in this clause affects your rights to any RKT of which you are absolute owner.

22. Survival

The following clauses survive termination of these T&Cs and remain binding and effective at all times:

- a) this clause;
- b) clause 10 (“Refunds, refusals, suspension and termination of contributions”);

- c) clause 11 (“Token utility”);
- d) clause 12 (“Contributor’s representations and warranties”);
- e) clause 16 (“Intellectual property”)
- f) clause 17 (“Indemnity”);
- g) clause 19 (“Limitation of liability”);
- h) clause 23 (“Waiver of set-off”);
- i) clause 25 (“Personal Data”); and
- j) clause 26 (“Dispute resolution by arbitration”).

23. Waiver of set-off

You acknowledge and agree unconditionally and irrevocably to waive any right of set-off, netting, counterclaim, abatement or other similar remedy which you might otherwise have in respect of RKT or under these T&Cs under the laws of any jurisdiction.

24. Taxation

- 24.1 You are solely responsible for determining whether your contribution to the Company for the purposes described hereunder, the transfer of ETH or fiat, the creation, ownership, use, sale, transfer or liquidation of RKT, the potential appreciation or depreciation in the value of RKT over time (if any), the allocation of RKT and/or any other action or transaction contemplated by these T&Cs or related to the GBX Platform will give rise to any tax implications on your part.
- 24.2 You are solely responsible for withholding, collecting, reporting, paying, settling and/or remitting any and all taxes to the appropriate tax authorities in such jurisdiction(s) in which you may be liable to pay tax. The Company is not responsible for withholding, collecting, reporting, paying, settling and/or remitting any taxes (including, but not limited to, any income, capital gains, sales, value added or similar tax) which may arise from your contribution and acquisition of RKT under or in connection with these T&Cs.
- 24.3 You agree not to hold the Company or any of the Company Indemnified Parties liable for any tax liability associated with or arising from the creation, ownership, use or liquidation of RKT or any other action or transaction related to the GBX Platform or the Token Sale.

25. Personal Data

- 25.1 If we make an information request in accordance with clause 6, we may require you to provide information and documents relating to (without limitation):

- a) your identity;
- b) your address;
- c) the source of your wealth;
- d) the source of funds used for the purposes of purchasing RKT; and/or
- e) any other documents or data from which you can be identified,

(together your “**Personal Data**”).

25.2 We will not disclose your Personal Data except as expressly permitted under these T&Cs and otherwise only with your prior consent. However, we may be required to disclose your Personal Data and/or certain other information about you to the extent required by applicable law or by an order of a court or competent governmental or regulatory authority. By accepting these T&Cs, you expressly agree and consent to your Personal Data being disclosed to third parties to any extent required for the purposes of compliance with applicable law.

25.3 We will process your Personal Data in accordance with the Data Protection Act 2004 of Gibraltar, as may be amended (“**Data Protection Act**”), and you agree that we, as the data controller, may directly or through our service providers or agents process your Personal Data for any one or more of the following purposes:

- a) the purchase of RKT and the processing of transactions related to the Token Sale pursuant to these T&Cs;
- b) providing you with information about us and our range of services;
- c) compliance with any requirement imposed by applicable law or by an order of a court or competent governmental or regulatory authority;
- d) management of enquiries and complaints;
- e) opening, maintaining or operating a bank account in the Company’s name;
- f) subject to clause 26, resolving any Disputes with you;
- g) producing summary information for statistical, regulatory and audit purposes; and/or
- h) any other reasonable purposes in accordance with applicable law.

25.4 Under the Data Protection Act you have a right to access your Personal Data held by us, and it is your responsibility to inform us of any changes to your Personal Data to ensure such data remains accurate. You also have a right to object to your Personal Data being processed for the purposes of direct marketing. You agree to provide a written request to us should you wish to enforce these rights.

- 25.5 You agree that we may, for the purposes set out in clause 25.3, permit the transfer of your Personal Data to any jurisdiction, whether or not inside the European Economic Area, and that by accepting these T&Cs you authorise and expressly consent to the processing of your Personal Data by us, our agents and/or our service providers, provided that where your Personal Data is processed by entities other than us, our agents or our service providers, we shall seek your prior written consent in respect of such processing.
- 25.6 You acknowledge, accept and understand that these T&Cs, insofar as they relate to the controlling and processing of your Personal Data by the Company, our agents and/or service providers, are only relevant to the processing of your Personal Data for the purposes set out in 25.3. In order to access the GBX Platform and provide or receive services therein or otherwise use and interact with the GBX Platform, you will be required to accept the Platform Terms which shall also set out the terms and conditions under which your Personal Data is collected, stored and processed (as well as your individual rights under applicable data protection laws) in connection with your use of the GBX Platform.

26. Dispute resolution by arbitration

PLEASE READ THE FOLLOWING CLAUSE CAREFULLY BECAUSE IT CONTAINS CERTAIN PROVISIONS, SUCH AS A BINDING ARBITRATION CLAUSE AND CLASS ACTION WAIVER, WHICH AFFECT YOUR LEGAL RIGHTS. THIS CLAUSE REQUIRES YOU TO ARBITRATE CERTAIN DISPUTES AND CLAIMS WITH THE COMPANY AND LIMITS THE MANNER IN WHICH YOU CAN SEEK RELIEF FROM US.

- 26.1 **Binding Arbitration.** Except for any disputes, claims, suits, actions, causes of action, demands or proceedings (collectively, “**Disputes**”) in which either Party seeks injunctive or other equitable relief for the alleged unlawful use of intellectual property, including, without limitation, copyrights, trademarks, trade names, logos, trade secrets or patents, you and the Company (i) waive your and the Company’s respective rights to have any and all Disputes arising from or related to these T&Cs resolved in a court, and (ii) waive your and the Company’s respective rights to a jury trial. Instead, you and the Company agree to arbitrate Disputes through binding arbitration (which is the referral of a Dispute to one or more persons charged with reviewing the Dispute and making a final and binding determination to resolve it instead of having the Dispute decided by a judge or jury in court).
- 26.2 **No Class Arbitrations, Class Actions or Representative Actions.** Any Dispute arising out of or related to these T&Cs is personal to you and the Company and will be resolved solely through individual arbitration and will not be brought as a class arbitration, class action or any other type of representative proceeding. There will be no class arbitration or arbitration in which an individual attempts to resolve a Dispute as a representative of another individual or group of individuals. Further, a Dispute cannot be brought as a class or other type of representative action, whether within or outside of arbitration, or on behalf of any other individual or group of individuals.
- 26.3 **Arbitration Rules.** The enforceability of this clause 26 will be both substantively and procedurally governed by and construed and enforced in accordance with the International Chamber of Commerce Rules of Arbitration, to the maximum extent permitted by applicable law.
- 26.4 **Notice; Informal Dispute Resolution.** Each Party will notify the other Party in writing of any Dispute within thirty (30) days of the date it arises, so that the Parties can attempt in good faith to resolve the Dispute informally. Notice to the Company must be sent by e-mail to the Company at disputes@gbx.gi.

Notice to you will be sent to any address you provide to us in writing in a notice. Your notice must include (i) your name, postal address, email address and telephone number, (ii) a description in reasonable detail of the nature or basis of the Dispute, and (iii) the specific relief that you are seeking. If you and the Company cannot agree how to resolve the Dispute within thirty (30) days after the date that the notice is received by the applicable Party, then either you or the Company may, as appropriate and in accordance with this clause 26, commence an arbitration proceeding or, to the extent specifically provided for in clause 26, file a claim in court.

- 26.5 **Process.** Any arbitration will occur in Gibraltar. The arbitration will be conducted confidentially by a single arbitrator appointed by the Gibraltar Chamber of Commerce in accordance with the rules of the International Chamber of Commerce Rules of Arbitration, which are hereby incorporated by reference. The courts located in Gibraltar will have exclusive jurisdiction over any appeals and the enforcement of an arbitration decision.
- 26.6 **Authority of Arbitrator.** These T&Cs, the applicable International Chamber of Commerce Rules of Arbitration and the arbitrator will have (i) the exclusive authority and jurisdiction to make all procedural and substantive decisions regarding a Dispute, including the determination of whether a Dispute is arbitrable, and (ii) the authority to grant any remedy that would otherwise be available in court, provided, however, that the arbitrator does not have the authority to conduct a class arbitration or a representative or class action, which is prohibited by these T&Cs. The arbitrator may only conduct an individual arbitration and may not consolidate more than one individual's claims, preside over any type of class or representative proceeding or preside over any proceeding involving more than one individual.
- 26.7 **Arbitration Rules.** The International Chamber of Commerce Rules of Arbitration and additional information about International Chamber of Commerce are available at <https://iccwbo.org/dispute-resolution-services/arbitration/rules-of-arbitration>. By agreeing to be bound by these T&Cs, you either (i) acknowledge and agree that you have read and understand the International Chamber of Commerce Rules of Arbitration, or (ii) waive your opportunity to read the International Chamber of Commerce Rules of Arbitration and any claim that the International Chamber of Commerce Rules of Arbitration are unfair or should not apply for any reason.
- 26.8 **Severability of Dispute Resolution and Arbitration Provisions.** If any term, clause or provision of this clause 26 is held invalid or unenforceable, it will be so held to the minimum extent applicable and required by law, and all other terms, clauses and provisions of this clause 26 will remain valid and enforceable. Further, the waivers set forth in clause 26.2 above are severable from the other provisions of these T&Cs and will remain valid and enforceable, except as prohibited by applicable law.

27. Miscellaneous

- 27.1 The Contributor understands and accepts that the network of miners will ultimately be in control of the Smart Contract System and that a majority of these miners could agree at any point to make changes to the official Smart Contract System and to run a new version of the Smart Contract System. Such a scenario could lead to RKT losing intrinsic value.
- 27.2 We may amend these T&Cs from time to time, including where there are changes to the intended utility of RKT, where adjustments are required to give effect to the intended operation of the RKT and/or GBX

Platform, to make any essential corrections, or as may be otherwise required by any laws or regulatory requirements to which we are subject. If we make any amendments to these T&Cs, we will publish a notice together with the updated T&Cs on the GBX Website and we will change the “Version” number at the top of these T&Cs. Any amended T&Cs becomes effective immediately upon the publication of notice and updated T&Cs on the GBX Website. It is your responsibility to regularly check the GBX Website for any such notices and updated T&Cs.

- 27.3 If any term, clause or provision of these T&Cs is found to be illegal, void or unenforceable (in whole or in part), then such term, clause or provision will be severable from these T&Cs without affecting the validity or enforceability of any remaining part of that term, clause or provision, or any other term, clause or provision of these T&Cs, which remains in full force and effect.
- 27.4 These T&Cs constitute the entire agreement between the Parties in relation to its subject matter. These T&Cs replace and extinguish any and all prior agreements, draft agreements, arrangements, warranties, statements, assurances, representations and undertakings of any nature made by, or on behalf of the Parties, whether oral or written, public or private, in relation to that subject matter.
- 27.5 You acknowledge that by accepting these T&Cs, you have not relied on any oral or written statements, warranties, assurances, representations or undertakings which were or may have been made by or on behalf of the Company in relation to the subject matter of these T&Cs at any time before your acceptance of them (“**Pre-Contractual Statements**”), other than those set out in these T&Cs. You hereby waive any and all rights and remedies which might otherwise be available in relation to such Pre-Contractual Statements.
- 27.6 Nothing in these T&Cs creates any form of partnership, joint venture or any other similar relationship between you and the Company and/or other individuals or entities involved with the development and deployment of the Smart Contract System and/or the Company Indemnified Parties and/or the GBX Platform.
- 27.7 You acknowledge and agree that no other Contributor owes you any obligation under these T&Cs including any rights of contribution.
- 27.8 Subject to clause 26, these T&Cs and any dispute or claim arising out of or in connection with their subject matter or formation (including non-contractual disputes and claims) will be governed by and construed in accordance with Gibraltar Law.
- 27.9 Subject to clause 26, the Parties irrevocably agree that the Gibraltar courts have exclusive jurisdiction to settle any dispute or claim that arises out of or in connection with these T&Cs or their subject matter or formation (including non-contractual disputes and claims).
- 27.10 Any indemnity, reimbursement or similar obligation in these T&Cs given in favour of the Company:
- a) is a continuing obligation despite the satisfaction of any payment or other obligation in connection with this document, any settlement or any other thing; and

- b) is independent of any other obligations under these T&Cs and continues after termination of them.

It is not necessary for the Company to incur any expense or make payment before enforcing a right of indemnity in connection with the subject of these T&Cs.

27.11 Without limiting any other disclaimer in these T&Cs or elsewhere, the Company is not liable for any loss, liability, costs or expenses arising in connection with the exercise or attempted exercise of, failure to exercise, or delay in exercising, a right, power or remedy in connection with these T&Cs.

27.12 To the fullest extent permitted by law, you irrevocably and unconditionally waive, with respect to yourself and any of your revenues and assets (irrespective of their use or intended use), all immunity on the grounds of sovereignty or other similar grounds from:

- a) suit;
- b) jurisdiction of any court;
- c) relief by way of injunction or order for specific performance or recovery of property;
- d) attachment of assets (whether before or after judgment); and
- e) execution or enforcement of any judgment to which you or your revenues or assets might otherwise be entitled in any proceedings in the courts of any jurisdiction (and you irrevocably agree, to the fullest extent permitted by applicable law, that you will not claim any immunity in any such proceedings).

* * * * *

SCHEDULE 1

POSSIBILITY OF CHANGE TO THE UTILITY OF RKT

PLEASE NOTE THAT WE ARE IN THE PROCESS OF UNDERTAKING A LEGAL AND REGULATORY ANALYSIS OF THE UTILITY OF RKT. FOLLOWING THE CONCLUSION OF THIS ANALYSIS, WE MAY DECIDE TO AMEND THE INTENDED UTILITY OF RKT IN ORDER TO ENSURE COMPLIANCE WITH ANY LEGAL OR REGULATORY REQUIREMENTS TO WHICH WE ARE SUBJECT. WE WILL PUBLISH A NOTICE ON THE GBX WEBSITE OF ANY CHANGES THAT WE DECIDE TO MAKE TO THE UTILITY OF RKT AND IT IS YOUR RESPONSIBILITY TO REGULARLY CHECK THE GBX WEBSITE FOR ANY SUCH NOTICES. ON THE CONCLUSION OF THIS ANALYSIS, WE WILL DECIDE WHETHER OR NOT TO CHANGE THE UTILITY OF RKT.

RKT CREATION AND INTENDED DISTRIBUTION

It is intended that a total of 900,000,000 RKT will be created, to be distributed in accordance with the following table:

Percentage allocation	Token Holders	Intended use	Amount of RKT
35.4%	Pre-Token Sale and Token Sale	Private and public sale	318,556,250 RKT
27.4%	Reserve	Intended to be used by GBX for further development and to support the stability of the GBX Ecosystem.	246,443,750 RKT
10.5%	Community Development and Liquidity	Includes development of the GBX Alliance, the GBX Alliance Council, the GBX Blockchain Innovation Centre, and other community initiatives including bounty programs and providing liquidity and easy access to acquire RKT for its utility purposes.	94,800,000 RKT
13.0%	Early Backers, Partners and Advisors	Intended to provide recognition for the effort and resources contributed by GBX's partners and advisers in relation to the Token Sale.	117,300,000 RKT
13.7%	Founders and Staff	Intended to provide recognition for the efforts and the resources contributed to the development of GBX, and to motivate their future efforts in developing the GBX Ecosystem.	122,900,000 RKT

SCHEDULE 2

CONTRIBUTOR'S REPRESENTATIONS AND WARRANTIES

By making a contribution and accepting these T&Cs, you hereby represent and warrant that:

1. you have read and understood these T&Cs (including all the Schedules hereto);
2. you have the necessary authority and consent to accept these T&Cs, to enter into a binding agreement with the Company and to perform the obligations set out herein;
3. you are not a statutory corporation, governmental or semi-governmental authority;
4. the acceptance of these T&Cs and the entry into a binding agreement with the Company will not result in any breach of, be in conflict with, or constitute a material default under: (i) any provision of the Contributor's constitutional or organisational documents (in the case of a corporate entity including, without limitation, any company or partnership); (ii) any provision of any judgment, decree or order imposed on the Contributor by any court or governmental or regulatory authority; and/or (iii) any material agreement, obligation, duty or commitment to which the Contributor is a party or by which the Contributor is bound;
5. you have sufficient understanding of the functionality, usage, storage, transmission mechanisms and intricacies associated with cryptographic tokens (like ETH and/or BTC), token storage facilities (including digital token wallets), blockchain technology and blockchain-based software systems;
6. you have obtained sufficient information about the potential future utility of RKT to make an informed decision to participate in the Token Sale pursuant to these T&Cs;
7. you understand that RKT confer only a limited potential future right or expectation to use and interact with the GBX Platform as more particularly described in the GBX Whitepaper, and that RKT confer no other rights of any kind with respect to the Company and/or the GBX Platform, including, but not limited to, any voting, distribution, redemption, liquidation, proprietary (including all forms of intellectual property rights), or other financial or legal rights;
8. if you are an individual, you are at least 18 years of age, you have sufficient legal capacity to accept these T&Cs and to enter into a binding agreement with the Company on the terms set out herein;
9. if you are making a contribution for the acquisition of RKT as a corporate entity, such entity is duly incorporated, registered and validly existing under the applicable laws of the jurisdiction in which the entity is established;
10. if you are making a contribution for the purchase of RKT for or on behalf of an entity or person, you are authorized to accept these T&Cs and enter into a binding agreement with the Company on such entity's or person's behalf (and in such circumstances, references in these T&Cs to "Contributor", "your" or "you" is a reference to the entity or person on whose behalf you are authorised to make a contribution);

11. you are making a contribution for the purchase of RKT to support the development, testing, deployment and operation of the GBX Platform and to potentially use and interact with the GBX Platform at a future point in time. You are not making a contribution under these T&Cs for any other uses or purposes, including, but not limited to, any investment, speculative or other financial purposes;
12. any contribution to be made by you for the purchase of RKT is not derived from or related to any unlawful activities, including but not limited to money laundering or terrorist financing activities;
13. you will not use RKT to finance, engage in, or otherwise support any unlawful activities;
14. the contribution will be transferred to the Company from an Ethereum wallet that: (i) is registered in your name or in the name of a person who is duly authorised by you to send a contribution to the Company; and (ii) is not located in or that is not registered in the name of a person located in or resident of the United States of America, the People’s Republic of China (excluding the Special Administrative Regions of Hong Kong and Macau, and the island of Taiwan), Japan, the Republic of Korea or any country or territory that has been designated by the Financial Action Task Force as a “non-cooperative country or territory” (each a “**Prohibited Jurisdiction**”);
15. making a contribution and receiving RKT under these T&Cs is not unlawful or prohibited under the laws of your jurisdiction or under the laws of any other jurisdiction to which you may be subject and any contribution will be made in full compliance with applicable laws (including, but not limited to, in compliance with any tax obligations to which you may be subject in any relevant jurisdiction);
16. you are not a citizen of or resident or domiciled in a Prohibited Jurisdiction or making a contribution for the purchase of RKT from a location in a Prohibited Jurisdiction, nor are you an entity (including, but not limited to, any company or partnership) incorporated, established or registered in or under the laws of a Prohibited Jurisdiction, nor are you making a contribution for the purchase of RKT for or on behalf of any such person or entity;
17. you are not a resident or tax resident of, and do not otherwise have any relevant connection with, any jurisdiction in which entry into or performing your obligations under these T&Cs or the distribution, holding, use or exchange of RKT is unlawful or restricted in any way or requires licensing, registration or approval of any kind;
18. you are not a resident or tax resident of, and do not otherwise have any relevant connection with, any jurisdiction in which the Company has notified on the GBX Website as being subject to prohibitions or restrictions on the holding of RKT;
19. you will observe all applicable laws and regulations in such manner that will, to the best of your knowledge and belief, result in compliance by you and the Company in any jurisdiction in which you directly or indirectly:
 - a) purchase, hold, use, offer, sell, transfer, deliver, re-sell, re-offer or exchange RKT;
 - b) enter into or perform your obligations under these T&Cs; or
 - c) distribute these T&Cs or any advertisement or similar material;

20. you are not the subject of any sanctions administered or enforced by any country, government or international authority nor are you resident or established (in the case of a corporate entity) in a country or territory that is the subject of a country-wide or territory-wide sanction imposed by any country or government or international authority;
21. you will comply with any applicable tax obligations in your jurisdiction arising from your acquisition, storage, sale or transfer of RKT;
22. you will provide us with details of an Ethereum wallet that supports the ERC20 token standard (i.e. technically supports the receipt, storage, holding and transfer of tokens such as RKT);
23. you enter into these T&Cs voluntarily and based on your own independent judgment and on advice from independent advisors as you have considered necessary; and
24. you understand and accept the risks of participating in token sales relating to early stage blockchain start-up businesses and acknowledge that these risks are substantial. You further warrant and represent that your contribution does not represent a meaningful or substantial proportion of your wealth or net worth, and that you are willing to accept the risk of loss associated with the contribution made under these T&Cs.

SCHEDULE 3

RISK FACTORS

THE FOLLOWING IS NOT NOR IS IT INTENDED TO BE A COMPREHENSIVE OR EXHAUSTIVE LIST OF RISK FACTORS

- Risk of software weaknesses:** because RKT, the Smart Contract System and the GBX Platform are based on the Ethereum protocol, any malfunction, breakdown or abandonment of the Ethereum protocol may have a material adverse effect on RKT, the Smart Contract System and/or the GBX Platform. Moreover, advances in cryptography, or technical advances such as the development of quantum computing, could present risks to the RKT (including the utility of RKT for obtaining services), the Smart Contract System and/or the GBX Platform, by rendering ineffective the cryptographic consensus mechanism that underpins the Ethereum protocol. The Smart Contract System concept, the underlying software application and software platform (i.e. the Ethereum blockchain) is still in an early development stage and unproven. There is no warranty or assurance that the process for creating RKT will be uninterrupted or error-free and why there is an inherent risk that the software could contain defects, weaknesses, vulnerabilities, viruses or bugs causing, inter alia, the complete loss of contributions and/or RKT.
- Regulatory risk:** blockchain technology allows new forms of interaction and it is possible that certain jurisdictions will apply existing regulations on, or introduce new regulations addressing, blockchain technology based applications, which may be contrary to the current setup of the Smart Contract System and which may, inter alia, result in substantial modifications to the Smart Contract System and/or the GBX Platform, including its termination and the loss of RKT for the Contributor. Additionally, regulation of proposed activities of the GBX Platform is currently uncertain. It is not known what regulatory framework the proposed GBX Platform and associated activities will be subject to, the nature and obligations that will be imposed on the Company in order to comply with any such regulatory framework or when/if the Company will even be able to apply to be regulated, or successfully obtain the necessary licences so that it may lawfully carry out its proposed business activities.
- Risks associated with uncertain regulations and enforcement actions:** the regulatory status of RKT and distributed ledger technology is unclear or unsettled in many jurisdictions. It is difficult to predict how or whether regulatory authorities may apply existing regulation with respect to such technology and its applications, including specifically (but without limitation to) the GBX Platform and RKT. It is likewise difficult to predict how or whether any legislative or regulatory authorities may implement changes to law and regulation affecting distributed ledger technology and its applications, including specifically (but without limitation to) the GBX Platform and RKT. Regulatory actions could negatively impact the GBX Platform and RKT in various ways, including, for purposes of illustration only, through a determination that RKT are a regulated financial instrument that requires registration or licensing. The Company may cease operations in a jurisdiction in the event that regulatory actions, or changes to law or regulation, make it illegal to operate in such jurisdiction, or commercially undesirable to obtain the necessary regulatory approval(s) to operate in such jurisdiction.
- Risk of abandonment / lack of success / business failure:** the creation and issue of RKT and the development of the GBX Platform may be abandoned, may suffer from lack of success and may suffer business failure for a number of reasons including but not limited to, lack of interest from the public,

lack of funding, lack of commercial success or prospects (e.g. caused by competing projects). There is no assurance that, even if any such GBX Platform is partially or fully developed and launched, you will receive any benefits through RKT that you hold.

5. **Risk associated with other applications:** the GBX Platform may give rise to other, alternative projects, promoted by unaffiliated third parties, under which RKT will have no intrinsic value. This means that competitors may produce platforms that compete with the GBX Platform and may not accept RKT as payment for services within such platforms; further, such platforms may become more popular and have greater success than the GBX Platform. In addition, the utility of RKT depends on the success of the GBX Platform, if developed. The GBX Platform may not be popular or widely used after it is launched. In the long term, the GBX Platform may fail to attract a critical mass of users. The GBX Platform may be merged with other projects. Various circumstances, including technical advancement and competitors, may render the GBX Platform obsolete.
6. **Risks associated with markets for RKT:** the Company may choose not to enable or otherwise facilitate any secondary speculative trading or any such external valuation of RKT. This may restrict the contemplated avenues for using RKT to the token utility described in the GBX Whitepaper and could therefore create illiquidity risk with respect to any RKT you own. Even if secondary trading of RKT is facilitated by third-party exchanges, such exchanges may be relatively new and subject to little or no regulatory oversight, making them more susceptible to fraud or manipulation. Furthermore, to the extent that any third party ascribes an external exchange value to RKT (e.g. as denominated in a crypto or fiat currency), such value may be extremely volatile and diminish to zero. If you are purchasing the RKT as a form of investment on a speculative basis or otherwise, or for a financial purpose, with the expectation or desire that their inherent, intrinsic or cash-equivalent value may increase with time, you assume all risks associated with such speculation or actions, and any errors associated therewith, and accept that the RKT are not offered by the Company or its affiliates on an investment basis. You further acknowledge that any contribution that you make under these T&Cs (or you consider to be invested in the Company) will not be protected, guaranteed or reimbursed by any governmental, regulatory or other entity, and will not, for instance be guaranteed by the Gibraltar Deposit Guarantee Scheme, the Gibraltar Investor Compensation Scheme, and is unlikely to be protected by any equivalent scheme in a jurisdiction outside of Gibraltar.
7. **Risk of losing access to tokens due to loss of private key(s), custodial error or your error:** RKT can only be accessed by using an Ethereum wallet with a combination of the Contributor's account information (address), private key and password. The private key is encrypted with a password. You acknowledge, understand and accept that if your private key or password gets lost or stolen, the obtained RKT associated with your Ethereum wallet address may be unrecoverable and permanently lost. Additionally, any third party that gains access to your private key, including by gaining access to the login credentials relating to your Ethereum wallet, may be able to misappropriate your RKT. Any errors or malfunctions caused by or otherwise related to the digital wallet or vault you choose to receive and store RKT, including your own failure to properly maintain or use such digital wallet or vault, may also result in the loss of your RKT.
8. **Risk of theft and vulnerabilities:** the Smart Contract System concept, the underlying software application and software platform (i.e. the Ethereum blockchain) may be exposed to attacks by hackers or other individuals including, but not limited to, malware attacks, denial of service attacks, consensus-

based attacks, Sybil attacks, smurfing and spoofing. Any such successful attacks could result in theft or loss of contributions or RKT, adversely impacting the ability to develop the GBX Platform and derive any usage or functionality from RKT. You must take appropriate steps to satisfy yourself of the integrity and veracity of relevant websites, systems and communications. Furthermore, because the GBX Platform is based on open-source software, there is a risk that a third party or a member of the Company's team may intentionally or unintentionally introduce weaknesses or defects into the core infrastructure of the GBX Platform, which could negatively affect the GBX Platform and RKT.

9. **Risk of Ethereum mining attacks:** as with other cryptocurrencies, the blockchain used for the Smart Contract System is susceptible to mining attacks, including but not limited to double-spend attacks, majority mining power attacks, "selfish-mining" attacks, and rare condition attacks. Any successful attacks present a risk to the Smart Contract System, expected proper execution and sequencing of token transactions, and expected proper execution and sequencing of contract computations. You understand and accept that the network of miners will ultimately be in control of the distribution of the RKT via the Smart Contract System, and that a majority of miners could agree at any point to make changes, updates, modifications to, or effect a deletion or destruction of the Smart Contract System, and that such a scenario could lead to the RKT losing intrinsic value and/or functionality.
10. **Risk of incompatible wallet service:** the wallet or wallet service provider used to receive RKT must conform to the ERC20 token standard in order to be technically compatible with RKT. The failure to ensure such conformity may have the result that Contributor will not gain access to his RKT.
11. **Risk of hard-fork:** the GBX Platform will need to go through substantial development works as part of which it may become the subject of significant conceptual, technical and commercial changes before release. As part of the development, an upgrade to RKT may be required (hard-fork of RKT) and that, if you decide not to participate in such upgrade, you may no longer be able to use your RKT and any non-upgraded RKT may lose its utility in full.
12. **Risk of uninsured losses:** unlike bank accounts or accounts at some other financial institutions, RKT are uninsured unless you specifically obtain private insurance to insure them. Thus, in the event of loss or loss of utility value, there is no public insurer or private insurance arranged by us, to offer recourse to you.
13. **Risks arising from taxation:** the tax characterization of RKT is uncertain. You must seek your own tax advice in connection with acquisition, storage, transfer and use of RKT, which may result in adverse tax consequences to you, including, without limitation, withholding taxes, transfer taxes, value added taxes, income taxes, capital taxes and similar taxes, levies, duties or other charges and tax reporting requirements.
14. **Risk of an unfavourable fluctuation of Ethereum and other currency value:** the Company intends to use the contributions received to fund the development of RKT, the GBX Platform and various other operating expenses. The contributions received will be denominated in ETH, fiat acceptable to the Company, and may be converted into other cryptographic assets and fiat currencies. If the value of ETH or other currencies fluctuates unfavourably during or after the Token Sale, the Company may not be able to fund the development of, or may not be able to maintain, the GBX Platform in the manner that it intended.

15. **Risk of dissolution of the Company or network:** it is possible that, due to any number of reasons, including, but not limited to, an unfavourable fluctuation in the value of ETH (or other cryptographic assets and fiat currencies), decrease in RKT utility due to negative adoption of the GBX Platform, the failure of commercial relationships, or intellectual property ownership challenges, the GBX Platform may no longer be viable to operate and the Company may dissolve and may not be able to continue the development of the GBX Platform.
16. **Risks arising from lack of governance rights:** because RKT confer no governance rights of any kind with respect to the GBX Platform or the Company; all decisions involving the Company (including to sell or liquidate the Company) will be made by the Company acting in its sole and absolute discretion, and all decisions involving the GBX Platform including, but not limited to, decisions to discontinue the GBX Platform, to create and issue more RKT, will be made by the Company. These decisions could adversely affect the GBX Platform and/or RKT you hold.
17. **Risks arising from the market in which the GBX Platform operates:** the crypto-currency exchange market, the token listing and trading market, ICOs, and by extension the GBX Platform, is subject to a variety of federal, state and international laws and regulations, including those with respect to KYC/AML and customer due diligence procedures, privacy and data protection, consumer protection, data security, and others. These laws and regulations, and the interpretation or application of these laws and regulations, could change. In addition, new laws or regulations affecting the GBX Platform could be enacted, which could impact the utility of RKT in the GBX Platform. Additionally, GBX Platform users are subject to or may be adversely affected by industry specific laws and regulations or licensing requirements. If any of these parties fails to comply with any of these licensing requirements or other applicable laws or regulations, or if such laws and regulations or licensing requirements become more stringent or are otherwise expanded, it could adversely impact the GBX Platform and the RKT, including its utility to obtain or provide services within the GBX Platform.
18. **Risks associated with the development and maintenance of the GBX Platform:** the GBX Platform is still under development and may undergo significant changes over time. Although we intend for the RKT and GBX Platform to function as described in the GBX Whitepaper, and intend to take commercially reasonable steps towards those ends, we may have to make changes to the specifications of the RKT or the GBX Platform for any number of legitimate reasons. Moreover, we may not be able to retain full and effective control over how other participants will use the GBX Platform, what products or services will be offered through the GBX Platform by third parties, or how third-party products and services will utilize RKT (if at all). This could create the risk that the RKT or GBX Platform, as further developed and maintained, may not meet your expectations at the time of purchase. Furthermore, despite our good faith efforts to develop and participate in the GBX Platform, it is still possible that the GBX Platform will experience malfunctions or otherwise fail to be adequately developed or maintained, which may negatively impact the GBX Platform and RKT, and the potential utility of the RKT, including the utility of the RKT for obtaining services and/or offering rewards and/or being used in the manner intended at the time of the Token Sale.
19. **Risks associated with incomplete information regarding the GBX Platform:** you will not have full access to all the information relevant to the Company and/or the GBX Platform. The Company is not required to update you on the progress of the GBX Platform. You are responsible for making your own

decision in respect of purchasing RKT. The Company does not provide you with any recommendation or advice in respect of the purchase of RKT. You may not rely on the Company to provide you with complete or up to date information.

20. **Risk of competing platforms:** it is possible that alternative platforms could be established that utilize the same open source code and protocol underlying the GBX Platform and attempt to facilitate services that are materially similar to the services offered by or within the GBX Platform. The GBX Platform may compete with these alternatives, which could negatively impact the GBX Platform and RKT, including the utility of the RKT for obtaining services offered by or within the GBX Platform.
21. **Risk of inadequate resources:** the Token Sale and the GBX Platform will require intensive computing resources. The demand for these resources may exceed the Company's estimates. Ultimately, the Company's resources may prove inadequate to support the Token Sale and/or develop the GBX Platform, which may affect the distribution and/or utility of RKT.
22. **Risks associated with third party contractors:** development of RKT and the GBX Platform, and the operation of the Token Sale, will require third-party contractors with particular expertise in Ethereum and blockchain technology. The availability of such contractors is limited. There may not be sufficient (or any) such contractors available on terms deemed acceptable by the Company. The costs associated with any such contractors may be significantly greater than currently estimated. Further, the quality, reliability and timely delivery of services by such contractors may vary significantly
23. **Jurisdiction related risks:** residents, tax residents or persons having a relevant connection with certain jurisdictions are excluded from the Token Sale. Changes in your place of domicile or the applicable law may result in you violating any legal or regulatory requirements of your applicable jurisdiction. You are responsible for ensuring that the distribution, holding, use or exchange of RKT is, and remains lawful despite changes to applicable laws, your residence and circumstances.
24. **Unanticipated risks:** cryptographic tokens such as RKT are a new and untested technology. In addition to the risks set out in this Schedule 2, there are other risks associated with your acquisition, storage, transfer and use of RKT, including those that the Company may not be able to anticipate. Such risks may further materialize as unanticipated variations or combinations of the risks set out in this Schedule 2.
25. **Brexit risk:** Gibraltar is a British Overseas Territory. It is part of the EU, having joined the European Economic Community with the United Kingdom in 1973 by virtue of Article 355(3) (ex Article 299(4)) which applies the treaty to 'the European territories for whose external relations a Member State is responsible', a provision which in practice only applies to Gibraltar. By virtue of this, Gibraltar is required to enact all EU directives and regulations. The Government of Gibraltar may fail to enact an EU directive or regulation or may enact an EU directive or regulation erroneously. This could negatively impact on the jurisdiction and consequently the Company's activities. On 23 June 2016, the UK voted to leave the EU and there is a risk that a change to the UK's status within the EU could impact on Gibraltar's position within the EU, including Gibraltar having to assume any new status adopted by the UK. If Gibraltar's status within the EU changes or if Gibraltar were to leave the EU, this could restrict and/or prevent Gibraltar entities (current and future) from conducting business with the EU. This could significantly impact upon the Company's activities undertaken from within Gibraltar.
